

MASTER SUPPLY AND LOGISTICS AGREEMENT

Contract No. CT-4-2020

This Master Supply and Logistics Agreement (the "Agreement") is entered into between NorthwindAI Trading B.V. (Amsterdam Trade Register no. 7781002), acting as the "Buyer", and Tokyo Traders, acting as the "Supplier". The Agreement records contract CT-4-2020 and its current status is active.

Recitals

WHEREAS the Buyer operates a multi-channel distribution business and sources goods for resale and replenishment;

WHEREAS the Supplier is engaged in the production and supply of goods and possesses the capacity, facilities and logistics capabilities required to fulfil the Buyer's purchase orders;

WHEREAS the parties wish to record the commercial, delivery and service terms governing their supply relationship.

1. Definitions

"Purchase Order" means a written or electronic order issued by the Buyer for goods under this Agreement.

"Order Acceptance" means the Supplier's confirmation of a Purchase Order. "Business Day" means any day other than a Saturday, Sunday or public holiday at the place of dispatch.

2. Scope of Supply

The Supplier shall sell and deliver to the Buyer the goods described in each accepted Purchase Order, in the quantities and to the destinations specified, together with all ancillary handling, packing and dispatch services reasonably required for their delivery.

3. Delivery Terms

The Supplier shall prepare accepted Purchase Orders for dispatch through its standard replenishment lane. For planning purposes, the delivery lead time is fourteen business days from Order Acceptance, provided the requested items are available for export. Expedited handling may be agreed in writing for individual orders.

Service level	Target
Order acknowledgement	1 business day
Standard delivery lead time	14 business days
On-time delivery	97%

Table - Delivery service levels.

4. Order Process and Minimum Order Value

Purchase Orders are transmitted electronically and are deemed accepted unless the Supplier objects within two Business Days. Each Purchase Order under this Agreement must meet a minimum order value of USD 900.00 before standard fulfilment commitments apply. Orders below that threshold may be consolidated or scheduled at the Supplier's discretion.

5. Pricing and Rate Schedule

Unit prices are net of VAT and are fixed for twelve months from the effective date, after which they are adjusted by the relevant consumer price index. The applicable rate schedule is set out below.

Service / category	Unit	Unit price (USD)
Standard replenishment line	case	14.00
Priority lane handling	case	19.00
Pallet build and wrap	pallet	24.00
Cross-dock consolidation	shipment	29.00

Table 1 - Rate schedule (per unit).

6. Volume Forecast

The following non-binding monthly volume profile is provided for capacity planning. A sustained deviation above ten percent (10%) from these reference volumes entitles either party to request a review of the commercial terms.

Month	Inbound	Outbound	Closing stock
January	400	400	700
February	410	408	705
March	420	416	710
April	430	424	715
May	440	432	720
June	450	440	725
July	460	448	730
August	470	456	735
September	480	464	740
October	490	472	745
November	500	480	750
December	510	488	755

Table 2 - Indicative monthly volume profile (units).

7. Quality and Acceptance

The Supplier warrants that goods conform to the agreed specifications and are free from defects in materials and workmanship. The Buyer may inspect goods on receipt and reject non-conforming goods within ten Business Days of delivery.

8. Liability and Risk Allocation

Risk in the goods passes to the Buyer on delivery to the agreed destination. Save in cases of wilful misconduct or gross negligence, the Supplier's aggregate liability for loss of or damage to goods shall not exceed 8.33 units of account per kilogram of gross weight of the goods affected. Liability for delay, where a delivery date has been expressly agreed, shall not exceed twice the charges for the affected service.

9. Insurance

The Supplier shall maintain, with reputable insurers, all-risks cargo insurance covering the goods during carriage and adequate public and product liability cover, and shall provide evidence of such cover on request.

10. Term, Renewal and Termination

This Agreement takes effect on 2020-01-01 and continues for 3 years (no fixed expiry (open-ended)). It renews automatically for successive equal periods unless either party gives six months' written notice. As at the date of this Agreement the contract status is active. Either party may terminate for material,

unremedied breach on three months' written notice.

11. Governance, Reporting and Service Levels

The parties shall meet periodically to review service performance against the agreed service levels, including on-time delivery, order accuracy and inventory reconciliation, and shall agree corrective actions for any shortfall.

12. Force Majeure

Neither party is liable for failure to perform caused by events beyond its reasonable control, including natural disasters, conflict, or transport disruption, provided the affected party notifies the other promptly and mitigates the impact.

13. Governing Law and Jurisdiction

This Agreement is governed by the laws of the Netherlands and the parties submit to the exclusive jurisdiction of the courts of Amsterdam.
